Dear Ms Dunbar

**Re: ACSQHC Patient Charter of Rights Program**

Thank you for inviting our College to participate in the consultation process for the Commission's Patient Charter of Rights Program.

The document was considered by the Board of Australian College of Rural and Remote Medicine (ACRRM) and it was agreed the Commission should be congratulated for the calibre and value of this work. The Board did suggest that the authors might also like to include "patient responsibilities" in the document.

Again, thank you for the opportunity to review this draft and congratulations on the outcome to date.

Yours sincerely

Marita Cowie
