GPO Box 5480
SYDNEY NSW 2001

Dear Margaret,

Thank you for the opportunity to comment on the Phase 2 review of Accreditation by the Australian Commission on Safety and Quality in Health Care.

Several members of the Private Hospitals Association of Queensland (PHAQ) are also members of the APHA Safety & Quality Committee and in this capacity have had input into the submission by the Australian Private Hospitals Association. Therefore rather than lodge a separate document I am writing to endorse PHAQ's wholehearted support of the comments made by APHA in its submission of 5 October 2007.

Yours sincerely,

LUCY FISHER
