Antimicrobial Stewardship in Australian Health Care

2018
Acknowledgements

Antimicrobial Stewardship in Australian Health Care 2018 has been developed through the contributions of many individuals and organisations who are committed to improving antimicrobial use in hospitals and reducing the risk of harm to patients from inappropriate antimicrobial prescribing.

The Australian Commission on Safety and Quality in Health Care wishes to thank the following contributing authors for their expertise and time given to the writing of this publication:

- Dr Tara Anderson – Infectious Diseases Physician and Clinical Microbiologist, Medical Advisor – Infection Prevention and Control, Royal Hobart Hospital, and Specialist Medical Advisor – Tasmanian Infection Prevention and Control Unit (particularly Chapter 2)
- Dr Noleen Bennett – National Centre for Antimicrobial Stewardship (particularly Chapter 12)
- Associate Professor Kirsty Buisng – National Centre for Antimicrobial Stewardship (particularly Chapters 3 and 6)
- Clinical Associate Professor Susan Benson – PathWest Laboratory Medicine, Western Australian Department of Health and University of Western Australia (particularly Chapter 12)
- Dr Celia Cooper – SA Pathology, SA Health (particularly Chapters 5 and 8)
- Dr Jonathan Dartnell – NPS MedicineWise (particularly Chapters 7, 10 and 13)
- Ms Margaret Duguid – Australian Commission on Safety and Quality in Health Care (contribution to all Chapters)
- Conjoint Associate Professor John Ferguson – Hunter New England Local Health District (particularly Chapter 9)
- Ms Fiona Gotterson – Australian Commission on Safety and Quality in Health Care (particularly Chapters 3, 5 and 12)
- Dr David Kong – Ballarat Health Services and Centre for Medicine Use and Safety, Monash University (particularly Chapter 11)
- Associate Professor David Looke – Infectious Diseases Physician and Clinical Microbiologist, Princess Alexandra Hospital; and Associate Professor, University of Queensland (particularly Chapter 6)
- Professor Graeme Nimmo – Pathology Queensland, Queensland Health (particularly Chapter 9)
- Ms Lisa Pulver – NPS MedicineWise (particularly Chapters 7, 10 and 13)
- Professor Debra Rowett – NPS MedicineWise (particularly Chapters 7, 10 and 13)
- Professor Karin Thursky – National Centre for Antimicrobial Stewardship (particularly Chapter 4)
- Professor John Turnidge – Australian Commission on Safety and Quality in Health Care (particularly Chapters 1 and 3)
- Dr Helen Van Gessel – Albany Hospital (particularly Chapter 2)
- Dr Morgyn Warner – SA Pathology, SA Health (particularly Chapter 1)
- Dr Jeanie Yoo – NPS MedicineWise (particularly Chapters 10 and 13).

The Commission also wishes to extend its thanks to the following individuals who have provided their considered advice in the review of the content of this book:

- Dr Philippa Binns – public health physician and general practitioner
- Professor Chris Del Mar – Centre for Research in Evidence-Based Practice, Bond University
- Dr Kylie Easton – NPS MedicineWise
- Associate Professor Thomas Gottlieb - Senior Staff Specialist, Microbiology & Infectious Diseases, Concord Hospital
- Dr Malene Hansen – Centre for Research in Evidence-Based Practice, Bond University
- Ms Dorothy Harrison – consumer representative reviewer
- Ms Aine Heaney – NPS MedicineWise
- Ms Elaine Lum – Institute of Health and Biomedical Innovation, Faculty of Health, Queensland University of Technology
- Professor Jennifer May, Member, ACSQHC Primary Care Committee (particularly Chapter 13)
- Dr Amanda McCullough – Centre for Research in Evidence-Based Practice, Bond University
A number of Commission staff were also involved in the writing and review of this publication, and the Commission wishes to acknowledge:

- Ms Debbie Carter
- Professor Marilyn Cruickshank
- Ms Fiona Doukas
- Dr Nicola Dunbar
- Dr Robert Herkes
- Ms Eliza McEwin
- Adjunct Professor Kathy Meleady
- Adjunct Professor Debora Picone AM
- Ms Naomi Poole
- Ms Kim Stewart
- Ms Lucia Tapsall
- Mr Michael Wallace
- Ms Kristin Xenos.

In addition, the Commission wishes to acknowledge the members of the Society of Hospital Pharmacists of Australia Infectious Diseases Committee of Specialty Practice for their contribution in reviewing this publication; and the staff of Biotext for their expert review, editing and design services.
Contents

Summary 1

Key issues 3

- The challenge 3
- The response 3
- Australian framework for AMS 3
- Essential elements of antimicrobial stewardship 3

This publication 4

- Aim 4
- Structure 4

Chapter 1: Evidence for antimicrobial stewardship 7

Acronyms and abbreviations 10

1.1 Introduction 11

1.2 Challenge and impact of antimicrobial resistance 12

- Association between antimicrobial use and resistance 12
- Consequences of antimicrobial resistance 13

1.3 Australian framework for antimicrobial stewardship 14

- National standards and guidelines 14
- National Antimicrobial Resistance Strategy 17
- Antimicrobial stewardship in the states and territories 17
- Therapeutic Guidelines 17
- Surveillance of antimicrobial use and resistance in Australia 18
- Education and awareness raising 19
- Antimicrobial stewardship research 20
- Professional societies and organisations 20

1.4 Antimicrobial use 21

- Factors contributing to unnecessary and inappropriate antimicrobial use 21
- Antimicrobial use in Australia 21
- Harmful effects of antimicrobial use 21

1.5 Antimicrobial stewardship 22

- Effective antimicrobial stewardship 22
- Evidence to support the benefits of antimicrobial stewardship 24
- Unintended consequences of antimicrobial stewardship programs 27

Chapter 12: Role of nurses, midwives and infection control practitioners in antimicrobial stewardship 273

12.1 Introduction 276

12.2 Nursing and midwifery practice and antimicrobial stewardship 277

12.3 Facilitating nursing and midwifery involvement 280
  12.3.1 Planning for nursing and midwifery involvement 280
  12.3.2 Promoting a safety culture 282
  12.3.3 Education 283
  12.3.4 Resources and tools 284

12.4 Advanced and specialist practice roles 285
  12.4.1 Nurse practitioners 285
  12.4.2 Infection control practitioners 286
