

Acknowledgements

Although the Atlas has been created in consultation with many individuals and organisations, the Commission is responsible for developing the key findings and recommendations.

The Commission has consulted with more than 30 colleges and organisations, and gratefully acknowledges their contributions.

The Commission wishes to acknowledge the significant contribution of its advisory groups and other experts to the development of the Atlas. The Commission also acknowledges members of the intensive care community, and the Australian and New Zealand Intensive Care Society.

Atlas Advisory Group

The Atlas Advisory Group has representatives from relevant clinical colleges and major consumer organisations, and specific experts. It provided clinical and technical advice.
