The Australian Commission on Safety and Quality in Health Care leads and coordinates national improvements in the safety and quality of health care based on best available evidence. The Commission works in partnership with patients, consumers, clinicians, managers, policy makers and health care organisations to achieve a sustainable, safe and high-quality health system.
PATIENT SAFETY
A health system that is designed to ensure that patients and consumers are kept safe from preventable harm

PARTNERING WITH PATIENTS, CONSUMERS AND COMMUNITIES
A health system where patients, consumers and members of the community participate with health professionals as partners in all aspects of health care

QUALITY, COST AND VALUE
A health system that provides the right care, minimises waste, and optimises value and productivity

SUPPORTING HEALTH PROFESSIONALS TO PROVIDE SAFE AND HIGH-QUALITY CARE
A health system that supports safe clinical practice by having robust and sustainable improvement systems

The Australian Commission on Safety and Quality in Health Care leads and coordinates national improvements in the safety and quality of health care based on best available evidence. The Commission works in partnership with patients, consumers, clinicians, managers, policy makers and health care organisations to achieve a sustainable, safe and high-quality health system.
